Nevada Youth Empowerment Project provides residential and outpatient programming and education to prepare willing, older youth for independent and self-sufficient living. NYEP is committed to providing a safe, caring, supportive home to young women who have been removed from their homes due to circumstances beyond their control. NYEP's Community Living Program is designed to replicate "real life"; residents sign a lease and commit to their responsibilities. NYEP provides a structured and supportive environment that encourages and cultivates personal growth by helping to develop appropriate skills and encourages appropriate risk-taking.
